

Trinity Catholic Academy's First Graders Share Their Favorite Stories

(February 1, 2011) To kick off Catholic Schools Week, first graders from Ms. Burbank's class visited the TCA Preschool Center to share their gift of reading with our 3 year old preschoolers. The first grade students read some of their favorite stories with the preschoolers and after reading helped them create a gift to give to their grandparents.

The theme of this year's Catholic Schools Week is "You are a Gift" and in keeping with the theme, the preschool class is making gifts for their parents, grandparent and The Children's Floating Hospital. The children have been discussing sharing and caring and how those are great gifts that God gave them and how they can show others how they are a gift from God.
